

TECHNICAL SUPPORT INFORMATION

1. GENERAL SPECIFICATIONS

- Version: 1.0.0 (Livable 1)
- Runtime: .NET 9.0
- Operating System: Windows 10/11 / Windows Server 2019+
- Library Dependency: EasyLog.dll (Included)

2. DEFAULT SYSTEM PATHS To facilitate maintenance and security, all configuration and log files are stored in the user's AppData directory:

- Root Folder: C:\Users[User]\AppData\Roaming\EasySave
- Config File: ...\\EasySave\\backup_jobs.json
- State File: ...\\EasySave\\state.json
- Logs Folder: ...\\EasySave\\Logs\\

3. LOGGING SYSTEM

EasySave generates daily JSON log files (Format: YYYY-MM-DD.json). These logs track:

- File name and size.
- Source and Target paths.
- Transfer time (milliseconds).
- Real-time status (Active, Finished, Error).

5. SUPPORT CONTACT Annual Maintenance Contract: 12% of purchase price (SYNTEC revaluation). Support Hours: 5/7, 8am-5pm.
